

Kid's activities – remember to have fun!

ACTS 2 –

ACTS 3-4 scroll down past the pictures from last week

Our home fellowship is no longer a week ahead of everyone. It started to become too complicated! Sometimes I get my best inspirations for Sat at the Sabbath table the night before as we talk together. This means I may have missed sending out something to you now that we are not ahead of the game! – Like last week! But- never fear, as it's a good idea to review the week before with the kids before adding on and this could give you supplemental activities. I would suggest making an Acts box/folder etc. where you keep your worksheets, crafts, ideas from each week and then keep talking about them throughout the week. Lots of repetition and recycling! Eventually the kids will be teaching you!

So here is my last -minute inspiration for the beginning of Acts 2 that did not get to everyone:

Video – God's story Peter Preaches: <https://youtu.be/hKa9jqvJ378> 2:29

Pentecost activities- <https://truesdaykids.com/pentecost/> there is a lot in this packet including different versions for toddlers, school age and teens. There are coloring sheets, a short video, crafts, and discussion questions for the older kids.

Truesday kids also has Messianic versions of some of their lessons: <https://truesdaykids.com/messianic-version/>

Here are some pictures from our lesson last week. As the adults read the passage, we paused and acted out what was being read. We reviewed Acts first with the short video and then talked about the coloring pages that they could work on while we were reading the rest of the chapter.

You can resize the flame to a full page to make it the bigger size to use over heads or turn it into a headband

Acts 3

I am guessing our group will have BT theatre and act out this passage. Pictures to come!
