[ACTS OF THE APOSTLES]

## INTRODUCTION

### Discussion Questions:

1. How have you traditionally viewed Acts? What has your impression of it been in the past, and how might it have changed?
2. What are you excited about regarding a study of Acts?
3. How many apostles can you name? How many apostles were there?
4. Was Luke a Jew or Gentile? How do you know? Does it matter?
5. If Luke-Acts is a single work—in two parts—how might each part feel different when placed and read consecutively?
6. What assumptions do you hold when you read scripture? How have those changed over time?
7. Where are all the instances in Acts where the focus is turned back to Jerusalem?
